### § 503.1 Introduction and definitions.

(a) *Introduction.* The Freedom of Information Act (FOIA) and this part apply to all records of The Broadcasting Board of Governors (BBG). As a general policy BBG follows a balanced approach in administering the FOIA. We recognize the right of public access to information in the Agency's possession, but we also seek to protect the integrity of the Agency's internal processes. This policy calls for the fullest possible disclosure of records consistent with those requirements of administrative necessity and confidentiality which are recognized by the FOIA.

#### (b) *Definitions:*

*Access Appeal Committee or Committee* means the Committee delegated by the Agency Head for making final agency determinations regarding appeals from the initial denial of records under the FOIA.

*Agency or BBG* means the Broadcasting Board of Governors. It includes all parts of the BBG in the U.S. and its worldwide operations.

*Commercial use*, when referring to a request, means that the request is from, or on behalf of, one who seeks information for a use or purpose that furthers the commercial, trade, or profit interests of the requester or of a person on whose behalf the request is made. Whether a request is for a commercial use depends on the purpose of the request and how the records will be used. The identity of the requester (individual, non-profit corporation, for-profit corporation), or the nature of the records, while in some cases indicative of that purpose or use, is not necessarily determinative. When a request is made by a representative of the news media, the request shall be deemed to be for a non-commercial use.

*Department* means any executive department, military department, government corporation, government controlled corporation, any independent regulatory agency, or other establish-

ment in the executive branch of the Federal Government. A private organization is not a department even if it is performing work under contract with the Government or is receiving Federal financial assistance. Grantee and contractor records are not subject to the FOIA unless they are in the possession and control of the BBG.

*Duplication* means the process of making a copy of a record and sending it to the requester, to the extent necessary to respond to the request. Such copies include paper copy, microform, audiovisual materials, and magnetic tapes, cards and discs.

*Educational institution* means a pre-school, elementary or secondary school, institution of undergraduate or graduate higher education, or institution of professional or vocational education.

*FOIA* means the Freedom of Information Act, section 552 of title 5, United States Code, as amended.

*Freedom of Information Officer* means the BBG official who has been delegated the authority to release or withhold records and assess, waive, or reduce fees in response to FOIA requests.

*Non-commercial scientific institution* means an institution that is not operated substantially for the purposes of furthering its own or someone else's business, trade, or profit interests, and that is operated for purposes of conducting scientific research whose results are not intended to promote any particular product or industry.

*Records* (and any other term used in this section in reference to information) include any information that would be an agency record subject to the requirements of this section when maintained by the Agency in any format, including an electronic format. Records also include any handwritten, typed or printed documents (such as memoranda, books, brochures, studies, writings, drafts, letters, transcripts, and minutes) and documentary material in other forms (such as punch-cards, magnetic tapes, cards, or discs; paper tapes; audio or video recordings, maps, photographs, slides, microfilm, and motion pictures). It does not include objects or articles such as exhibits, models, equipment, and duplication machines or audiovisual processing

materials. Reports does not include books, magazines, pamphlets, or other reference material in formally organized and officially designated BBG libraries, where such materials are available under the rules of the particular library.

*Representative of the news media* means a person actively gathering news for an entity organized and operated to publish or broadcast news to the public. *News* means information that is about current events or that would be of current interest to the public. News media entities include television and radio broadcasters, publishers of periodicals (to the extent they publish “news”) who make their products available for purchase or subscription by the general public, and entities that may disseminate news through other media (e.g., electronic dissemination of text). Freelance journalists shall be considered representatives of a news media entity if they can show a solid basis for expecting publication through such an entity. A publication contract or a requester’s past publication record may show such a basis.

*Request* means asking in writing for records whether or not the request refers specifically to the FOIA.

*Review* means examining the records to determine which portions, if any, may be released, and any other processing that is necessary to prepare the records for release. It includes only the first examination and processing of the requested documents for purposes of determining whether a specific exemption applies to a particular record or portion of a record.

*Search* means looking for records or portions of records responsive to a request. It includes reading and interpreting a request, and also page-by-page and line-by-line examination to identify responsive portions of a document. However, it does not include line-by-line examination where merely duplicating the entire page would be a less expensive and quicker way to comply with the request.

#### § 503.2 Making a request.

(a) *How to request records.* All requests for documents shall be made in writing. Requests should be addressed to

The Broadcasting Board of Governors (BBG), FOIA/Privacy Act Officer, Office of the General Counsel, 330 Independence Avenue, SW, Suite 3349, Washington, DC 20237; telephone (202) 260-4404; or fax (202) 260-4394. Write the words “Freedom of Information Act Request” on the envelope and letter.

(b) *Details in your letter.* Your request for documents should provide as many details as possible that will help us find the records you are requesting. If there is insufficient information, we will ask you to provide greater details. Include your telephone number(s) to help us reach you if we have questions. If you are not sure how to write your request or what details to include, you may call the FOIA Office to request a copy of the Agency’s booklet “Guide and Index of Records,” or access the same information via the Internet on BBG’s World Wide Web site (<http://www.ibb.gov>). The more specific the request for documents, the sooner the Agency will be able to respond to your request(s).

(c) *Requests not handled under FOIA.* We will not provide documents requested under the FOIA and this part if the records are currently available in the National Archives, subject to release through the Archives, or commonly sold to the public by it or another agency in accordance with statutory authority (for example, records currently available from the Government Printing Office or the National Technical Information Service). Agency records that are normally freely available to the general public, such as BBG press releases, are not covered by the FOIA. Requests for documents from Federal departments, Chairmen of Congressional committees or subcommittees and court orders are not FOIA requests.

(d) *Referral of requests outside the agency.* If you request records that were created by or provided to us by another Federal department, we may refer your request to or consult with that department. We may also refer requests for classified records to the department that classified them. In cases of referral, the other department is responsible for processing and responding to your request under that department’s regulation. When possible, we
